Send a Kid to Camp

Why Send a Kid to Camp?

“Education is a way out of poverty - but poverty is a hindrance to education.”

Parents with the means invest more time and money than ever before in their children, while lower-income families, which are now more likely to be headed by a single parent, are increasingly stretched for time and resources.

The Achievement Gap

The achievement gap between children from high- and low-income families is roughly 30 to 40 percent larger among children born in 2001 than among those born twenty-five years earlier.

What Happens to Children During The Summer?

“Summer Slide”

During the summer months, disadvantaged children tread water at best or even fall behind. It's what we call “Summer Slide”. While better off children build their skills steadily over the summer months.

Summer Learning Loss

Summer Learning Loss accounts for about two-thirds of the ninth grade achievement gap in reading.

How Summer Learning Can Help Close the Achievement Gap

Summer learning programs targeted to low-income students can help close the achievement gap that has been attributed, at least in part, to cumulative learning loss during the summers and that has been shown to be steeper for low-income students than for others.
