Dear Ms. Cobb

It has indeed been a pleasure serving on the Library's Advisory Board for the city of Riviera Beach. During my time serving as a board member I have gained knowledge that has been beneficial to me as a citizen of Riviera Beach. Membership on this committee has given me the opportunity to serve, and make decisions concerning the community in which I live. This has given me Great Pleasure.

I would like to continue serving on the Advisory Board for the next two years. This would allow me to continue assisting my fellow board members with important issues as we move forward.

Thank you for your support and commitment to professional excellence. Your contributions are very valuable and are very much appreciated.

Sincerely,

La Juanda B. Williams

Dear Mayor and Council Members:

I would like to express my interest in being re-appointed as a member of the Riviera Beach Library Advisory Board. I have served in this capacity for over three years, to date, and I really enjoy being a part of this important educational platform. In addition, I am an active member of the community and I truly believe that my educational experience, leadership skills and being a native of Riviera Beach will serve me well in this endeavor.

Not only have I served on the Riviera Beach Library Advisory Board, I've also served as the Vice President of the educational board for the Brown Bell Vocational School in Livingston, AL. In this capacity I was responsible for conducting assessments to identify best practices that would ensure a better learning environment for students. Furthermore, my responsibility was to share with faculty and students the resources that were offered outside of the classroom for educational purposes. The most enjoyable moment of serving on this board was being a part of a team that had one goal in mind and that was to educate each student who walked through their doors.

Should I be reappointed, I strongly believe that my previous board experience will continue to serve me well on the Riviera Beach Library Advisory Board.

I look forward to hearing from you soon and should you have any additional questions, please do not hesitate to contact me.

Sincerely,

*Delano Allen*
