Delivery Timing

6 - 8 weeks for delivery of materials to the job site from the time of order, submittal approval, and confirmation of order details including voltage, phase, and pole locations.
Due to the built-in custom light control per luminaire, pole locations need to be confirmed prior to production. Changes to

Quote

pole locations after the product is sent to production could result in additional charges.

Notes

Quote is based on:

- Shipment of entire project together to one location
- Voltage and Phase of electrical system required
- Structural code and wind speed = 2017 FBC, 170 MPH, Importance Factor 1.0.
- Owner is responsible for getting electrical power to the site, coordination with the utility, and any power company fees
- Includes supply and installation of Musco system including controls by a licensed contractor.
- Standard soil conditions – rock, bottomless, wet or unsuitable soil may require additional engineering, special installation methods and additional cost
- The owner of the field is responsible for the structural integrity of the existing poles
- Confirmation of pole locations prior to production

Please add 3% Cost of Living Adjustment for every year until anticipated project date
