At the option of the CITY, the City Manager shall have authority to renew the Contract for up to two (2) additional twelve (12) month periods.

ARTICLE 5 – PAYMENTS TO ARCHITECT

Method of Payment for Services and Expenses of ARCHITECT - Basic Services. CITY shall pay the ARCHITECT for Basic Services rendered under Article 1 on one of the following bases, the choice to be mutually agreed upon at the time a Project is authorized.

- A. Per Hour, Per Assigned Employee Fee with a not to Exceed Maximum Price – CITY will submit a series of individual tasks or projects as more particularly described herein. Each task to be performed under this Contract shall be assigned to the ARCHITECT for accomplishment by separate written authorization. For each task, CITY shall request ARCHITECT to provide a scope of services and an estimate of cost, for the CITY'S review, including MBE goal setting, as particularly set forth in Article 10.

Upon mutual agreement of the scope of services, ARCHITECT shall develop an estimate of cost based upon a per hour, per assigned employee fee with a "not to exceed" maximum price as provided for herein in accordance with rates set forth in Exhibit 2.

1. The "Per Hour, Per Assigned Employee" fee, shall include all allowable and allocable costs that are incurred in the performance of the work, up to, but not exceeding a predetermined maximum price. Allowable and allocable cost shall include direct labor plus fringe benefits, overhead fee, and direct non-salary expenses. Pending establishment of final approved overhead rates for any period, the ARCHITECT shall be reimbursed at provisional overhead rates subject to appropriate adjustment when the final overhead rates for the fiscal period are established. The overhead rates shall not change the predetermined cost ceiling.
2. For a project that utilizes the "Per Hour, Per Assigned Employee" method of compensation, it is anticipated that the total cost to the CITY for the performance of the services will not exceed the estimated cost and that the ARCHITECT agrees to use his good faith effort to perform his services within such estimated cost. If at any time, as the actual work progresses, the ARCHITECT has reason to believe that the cost for the work will be greater than the estimated cost, the ARCHITECT shall notify the CITY in writing to that effect, giving the revised estimate of such cost for said work or a suggested revised scope of work which will remain within the original estimate of cost.
3. The CITY shall not be obligated to reimburse the ARCHITECT for costs incurred in excess of the estimated cost set forth above, and the ARCHITECT shall not be obligated to continue performance of said work or otherwise to incur cost in excess of the estimated cost set forth above, unless and until the CITY shall have notified the ARCHITECT in writing that such estimated cost has been increased or that a modification of scope of work is acceptable and shall have specified in such notice a revised estimated cost which shall thereupon constitute the revised estimated cost of said work. When and to the extent that the estimated cost has been increased, any costs incurred by the ARCHITECT in excess of the estimated cost prior

to such increases shall be allowable to the same extent as if such cost had been incurred after the increase.

4. Except as otherwise provided, if the ARCHITECT stops performance before completion of the work hereunder because it has incurred costs in the amount of or in excess of the estimated cost set, and the CITY elects not to increase such estimated cost, then the CITY shall pay to the ARCHITECT the balance due on its cost and fee for said work. Both parties shall execute full and binding releases of the party from any and all obligations with regard to the work and the ARCHITECT shall deliver to the CITY copies of the ARCHITECT'S work product subject to receipt of payment due.
5. The ARCHITECT may elect to waive notifying the CITY and agencies participating in the cost of the Project and is expected to do so whenever the work is close to completion and it is estimated that the cost increase will be small. In such event, if the cost subsequently exceeds that originally estimated by the ARCHITECT, the ARCHITECT may exercise his above obligation to notify the CITY of the cost increase then estimated, but the CITY shall not be obligated to pay for any overrun.
6. The term "Per Diem" shall mean a fixed hourly rate, which includes direct and indirect labor, overhead, fringe benefits and profit, for each category of personnel employed on the project, plus reimbursement for direct non-salary expenses.
7. In addition to the above methods, any other mutually agreed upon method of payment may be used.

B. Additional Service - CITY shall pay ARCHITECT for Additional Services rendered under Article 2 as follows:

ARCHITECT shall submit monthly statements for Basic and Additional Services rendered and for reimbursable expenses incurred. These monthly statements shall be based upon ARCHITECT'S payroll cost times the appropriate factor. CITY shall make monthly payments in response to ARCHITECT'S monthly statements, and as further outlined in subsection (F) below.

D. Payroll Cost

The payroll costs used as a basis for payment mean the salaries and wages paid to all personnel engaged directly on the Project, including, but not limited to, engineers, surveyors, designers, drafters, specifications writers, estimators, other technical personnel, administrative personnel, typists and clerks; plus the cost of customary and statutory benefits including, but not limited to, social security contributions, unemployment, excise and payroll taxes, workmen's compensation, health and retirement benefits, sick leave, vacation and holiday pay applicable thereto. The amount of customary and statutory benefits of all personnel will be considered equal to 30% of salaries and wages.

2. If this Contract is terminated by CITY during any phase of the Basic Services, ARCHITECT will be paid for services rendered during that phase on the basis of payroll costs times a factor of 2.4 for services rendered during that phase to date of termination by principals and employees assigned to Project, or the allocated percentage for that phase, whichever is less. In the event of any termination, ARCHITECT will be paid for all unpaid Additional Services as provided in this paragraph.

ARTICLE 6 - TRUTH-IN NEGOTIATION CERTIFICATE

Signature of this Contract by the ARCHITECT shall also act as the execution of a truth-in-negotiation certificate certifying that the wage rates, over-head charges, and other costs used to determine the compensation provided for in this Contract are accurate, complete and current as of the date of the Contract and no higher than those charged to the ARCHITECT'S most favored customer for the same or substantially similar service.

The said rates and costs shall be adjusted to exclude any significant sums should the CITY determine that the rates and costs were increased due to inaccurate, incomplete or non-current wage rates or due to inaccurate representations of fees paid to outside engineers. The CITY shall exercise its right under this Article within three (3) years following final payment.

ARTICLE 7 - TERMINATION

This Contract may be cancelled by the ARCHITECT upon thirty (30) days prior written notice to the CITY's representative in the event of substantial failure by the CITY to perform in accordance with the terms of this Contract through no fault of the ARCHITECT; provided the CITY fails to cure same within that thirty (30) day period. It may also be terminated, in whole or in part, by the CITY, with or without cause, immediately upon written notice to the ARCHITECT. Unless the ARCHITECT is in breach of this Contract, the ARCHITECT shall be paid for services rendered to the CITY's satisfaction through the date of termination. After receipt of a Termination Notice and except as otherwise directed by the CITY the ARCHITECT shall:

The ARCHITECT is encouraged to seek minority and women business enterprises for participation in subcontracting opportunities.

If a sub-consultant fails to perform or make progress, as required by this Contract, and it is necessary to replace the sub-consultant to complete the work in a timely fashion, the ARCHITECT shall promptly do so, subject to acceptance of the new sub-consultant by the CITY.

Once a sub-consultant is listed in an ARCHITECT's response to an RFP or a bid and the ARCHITECT wishes to change a sub-consultant, if the response or bid has been accepted by the CITY, then specific approval from CITY staff must be given prior to any change in sub-consultants. The CITY shall not unreasonably deny the request. However, the ARCHITECT must demonstrate that the sub-consultant being replaced is unable to perform the work, is performing the work poorly or untimely, or is unable to meet the requirements of the Contract with the CITY. The CITY will not address issues related to the ARCHITECT's specific agreement with the sub-consultant including issues of pricing.

If sub-consultant(s) are used, the ARCHITECT shall use only licensed and insured sub-consultant(s), and shall require any sub-consultant, as may be applicable, to provide a payment bond. All sub-consultants shall be required to promptly make payments to any person who, directly or indirectly, provides services or supplies under this Contract.
