SCOPE OF SERVICES

It is the intent of this Contract to include specific items of the City of Riviera Beach Capital Plan and specific projects outlined in RFP 993-20-2, The City of Riviera Beach, Florida invites qualified Survey Consultants licensed by the State of Florida, pursuant to Florida State Statute 287.055, "**Consultants Competitive Negotiation Act**" to perform Professional Survey and Mapping Services for the City of Riviera Beach. Proposers must demonstrate experience in Topographic Surveying, Plat/Easement Creation, and Plat Review on behalf of the City. Creation and review of Survey instruments shall be in accordance with Florida Statute 472 and Florida Administrative Code 177.

The City is interested in entering into a continuing contract for professional services with Surveying and Mapping Consulting firms to provide professional surveying and mapping services for various City Projects. The City reserves the right to select up to the four highest ranked consultants to be retained with work being allocated on a rotation basis to conduct topographic survey data collection, collect and prepare geo-spatial data for GIS support, prepare plats, sketch, descriptions, and provide associated mapping services, AutoCAD drafting, calculations and other related survey and mapping projects.

As the City currently does not have a staff surveyor, the consultant may at times be requested to review plats and easements on behalf of the City. In addition, the City shall request survey services for named projects in exhibit 'A', 'B', and 'C' of RFP 993-20-2, but not limit work to those items.
