

"The Best Waterfront City in Which to Live, Work and Play."

---

---

**CITY OF RIVIERA BEACH – MEMORANDUM**

---

---

**TO:** HON. MAYOR, CHAIRPERSON, AND CITY COUNCIL

**THROUGH:** JONATHAN EVANS, MPA, MBA, ICMA-CM

**FROM:** JONATHAN BATISTA, ASSISTANT DIRECTOR

**SUBJECT:** **PURCHASE OF A NEW VAC-CON VACJET TRAILER - SOUTHERN SEWER EQUIPMENT SALES**

**DATE:** APRIL 21, 2021

**CC:** GENERAL PUBLIC

---

**Background:**

The Utility Special District (District) regularly uses the Vac Truck in various distribution and sewer maintenance projects. Some of the areas are not easily accessible, if at all, by the Vac Truck. The Vac-Con Vecjet Model VJ750 is a portable, trailer mounted unit that can handle sewer lines, spill dilution and clean up. Compared to the Vac Truck, the Vecjet is easier to maneuver and employees do not need a CDL license to operate it. The new VecJet will replace the old 1986 Meyers Trailer Jet that was taken out of service two years ago.

The purchase of the new VecJet will ensure that proper care and scheduled maintenance of the City's sewer system while using appropriate and state of the art equipment.

**City Goals:**

The Citywide Goal is to Accelerate Operational Excellence.

**Fiscal/Budget Impact:**

This is a FY2021 Operational expenditure in the amount of \$75,684.00, page 63 of the Budget, Account Number 41131104-564000 – Capital-Machinery & Equipment.

**Recommendation:**

The Utility Special District recommends the approval of the associated Resolution in order to continue providing proper care and scheduled maintenance of the City's sewer system.

**Attachments:**

1. Resolution
