2	MR. GAGNON: Yes, tonight we have one item	2	And this is a photo of the internal parking
3	under new business. It's a resolution of the City	3	area. And the major amendment that we're going to
4	Council of the City of Riviera Beach, Palm Beach	4	discuss is a phased development approach to a solar
5	County, Florida, approving a site plan amendment to the	5	panel parking component that was provided in the
6	Tropical Shipping development located at 1489	6	initial site plan resolution. And the area is actually
7	Dr. Martin Luther King, Jr. Boulevard, which was	7	going to be here. So if you can envision kind of a
8	previously approved by Resolution Number 40-15, in	8	canopy covered parking area right where this van is,
9	order to provide for a phased development approach for	9	that's what's being proposed in the future instead of
10	the designated automobile parking area, resulting in a	10	doing it during the current development phase.
11	final development option to either install or not	11	And the hard copy of this sheet is provided
12	install a solar panel covered parking element within	12	to the Board as well, which is an example of solar
13	three years of the date of approval of this resolution	13	covered parking. So a very similar product would be
14	and providing an effective date.	14	utilized by Tropical in order to provide shade for the
15	So continuing on, as previously mentioned,	15	parking area and also generate electricity for the
16	the site plan was approved last year through Resolution	16	facility.
17	Number 40-15. It's the same location for Tropical	17	What I currently have on the screen is the
18	Shipping shown on the screen. This is an aerial view	18	previously approved site plan. It's difficult to
19	of the location from the Palm Beach County Property	19	discern here, but perhaps if I zoom in, it does say a
20	Appraiser's web site. You can see some property	20	note here that these areas will be solar panel parking,
21	delineations throughout the site. It has been	21	covered parking. So all the rows of parking were
22	replatted, and that was recorded in April of this year,	22	initially proposed to have that solar panel component.
23	so the Palm Beach County records will be reflected	23	What's currently being proposed is a phased
24	will be updated to reflect that replat shortly, I'm	24	approach for development. So the initial phase, which
25	sure.	25	is shown here as Phase 1, would allow for the parking

7	MR. KUNUTY: 1.4 million.	7	where I had handwritten notes on it, and quite
8	MR. BRINK: About 80 percent of the building	8	honestly, it wasn't in any condition to share with the

11	MR. BRINK: You're welcome.	11	go through the existing Code as well.
12	MR. KUNUTY: No other questions.	12	CHAIR JAMES: Any Board comment on what Jeff

14	Mr. McCoy.	14	VICE CHAIR McCOY: Madam Chair.
15	VICE CHAIR McCOY: That's it, Madam Chair.	15	CHAIR JAMES: Go ahead.
16	CHAIR JAMES: And I don't have any comments,	16	VICE CHAIR McCOY: Mr. Gagnon, I'm curious.
17	so is there a motion?	17	So we're doing this for what exactly, because, you
18	VICE CHAIR McCOY: Move to approve.	18	know, if it's been just about a year almost, and you
19	MR. KUNUTY: Second.	19	know, nothing came of it, do we should we have the

20	MR. VELASQUEZ: Julius Whigham.	20	City Council? Is this something that they have an
22	MR. WHIGHAM: Yes.	22	appetite to change, because it wouldn't seem like it's
22		22	
	MR. VELASQUEZ: Margaret Shepherd.	23	of an urgent nature.
24 25	MS. SHEPHERD: Yes.	24	MR. GAGNON: I don't know if I can fully

1	MR. KUNUTY: Yes.	1	due to the Planning and Zoning Board's request at the
2	MR. VELASQUEZ: Tradrick McCoy.	2	last meeting, so that's why it's before you now. As
3	VICE CHAIR McCOY: Yes.	3	far as what action the City Council will take, it's
4	MR. VELASQUEZ: Rena James.	4	difficult for me to say. However, if there isn't

13	we're just going to go to correspond.	13	because there is a new budget cycle approaching, and
14	MR. GAGNON: No correspondence tonight.	14	that was my reason for the request. Is there

18	I know we were provided in our packet a copy,	18	was asking, Mr. Gagnon, you know, we've dealt with this
19	and this is the latest revision, correct? Was anything	19	for a year now, and you know, I know there's been some
20	changed from the last time, Jeff?	20	times where we've been meeting back to back, and then
21	MR. GAGNON: So what I did is, per the	21	there's periods where there wasn't a meeting. Is this
22	request of the Board to have Chapter 27 provided once	22	something that is a priority for City Council? Is this
23	again, I went back through previous Board meeting	23	something that's actually going to make it to City
	packets to see if we had a draft that was currently	24	Council, because, you know, it's been a year now, and I
2.4	Firsten to see it the number of the was currently	1	in the second seco

2	I certainly, you know, understand your	2	honors the work that's put into it. Upon the review,
3	request, Ms. James, but I was curious, is this	3	however, the final decision does rest with the Council,
4	something that is going to be a priority to get done	4	so if they decide to modify language in a different

6	on it for a year now.	6	CHAIR JAMES: Any other discussion on this
7	MR. GAGNON: From what I can recall looking	7	item?
8	in Chapter 27, I believe it was a Board directive, a	8	MS. SHEPHERD: I have a question.
9	Planning and Zoning Board directive, and staff	9	CHAIR JAMES: Go ahead.
10	supported it as well. You know, we spent time, and	10	MS. SHEPHERD: Mr. Gagnon, with these
11	we've gone through a couple areas, and we discussed it	11	changes, do you really think that Council really go
12	at meetings. However, again, I don't think that City	12	through the recommendations? It appeared to me that
13	Council had requested for it initially. There has been	13	they make their own decisions. And the question I
14	a Council changeover, so perhaps it's something they	14	have, do you think they really look through the I
15	would like to look at more closely now. So if it's	15	really don't know how to put it. Do you think they
16	something the Board would like to look at, then I think	16	really look through this and make decisions? I know
17	we can definitely do that.	17	they're basically all new people on the Board. Do you
18	VICE CHAIR McCOY: Sure. Thank you.	18	think they really have the chance, the opportunity to
19	CHAIR JAMES: Okay, does anybody else have	19	look through this, because this is a long process here.
20	any comments?	20	MR. GAGNON: I can say that all Members in
21	MR. KUNUTY: Just a question for Mr. Gagnon.	21	the current Council do have experience on the Council
22	If the Board decided to present this to the City	22	and have served previously, so I think they are
23	Council, if we make any changes or as is, is that done	23	accustomed to the review process. I know they do have
24	through a motion at this Board to take it to City	24	a lot of items presented to them. And in my opinion,
25	Council?	25	you know, they're elected to read through the
	Page 22		Page 24
1	MR. GAGNON: I would suggest the procedure	1	information provided to them, and I would say that
2	being a formal Board motion on any changes that are	2	most, if not all, spend time and they do that.

6	City Manager's office and City Council whether or not	6	different things going on, the infrastructure. Do they
7	it makes it to the agenda.	7	really have the opportunity to look at I don't know
8	MR. KUNUTY: Thank you.	8	how to put it. With this Board, do they really have
9	VICE CHAIR McCOY: Follow-up.	9	the chance to really go through this document, or are
10 11	CHAIR JAMES: Go ahead. VICE CHAIR McCOY: So I guess this is really	10	you just putting it together just in case they want to
12	unique, because we're looking at addressing the entire	11 12	review it?
13	chapter, which is compiled of multiple ordinances,	13	CHAIR JAMES: If I may say this, Jeff, I think the issue is historically we've brought
14	which would imply that there's two readings of	14	ordinances based on an applicant coming in with an
15	ordinances to pass the City Council. We are a	14	application and wanting something changed. That's one
16	recommending Board, and if we make a recommendation and	16	way. And then the other way is possibly through City
17	Council decides that, you know, they want to see	17	Council. But this is possibly the first time that
18	different language or they want to see something	18	we're taking initiative to possibly try to change an
19	tweaked, then I guess that's done at the Council level.	19	ordinance.
20	We'll no longer see it again? Would that be	20	So it's up to us, I guess, right now, you
21	probably	21	know, we can decide if we want to pursue this at this
22	MR. GAGNON: I'll say that the City Council	22	point, because we certainly don't have to. If we feel
23	has the final decision making authority. So as an	23	like the Council is overwhelmed right now, just, you
24	advisory Board to the Council, the Planning and Zoning	24	know, it's been (coughing 13:31:20) for about the past
25	Board can make recommendations, and more often than	25	35 years, so I mean we could leave it be.

12	MR. KUNUTY: Let me just ask one quick	12	I think Mr. Whigham deserves a hand.
13	question.	13	MS. SHEPHERD: Yes, he does.
14	CHAIR JAMES: Go ahead.	14	(Applause.)
15	MR. KUNUTY: Jeff, this document that we're	15	MR. VELASQUEZ: Mario Velasquez here,

2	discuss that as a process?	2	Those are a little bit more tight.
3	MR. GAGNON: It could be done that way, yes.	3	And lastly, this is an example of what the
4	MR. KUNUTY: No other questions.	4	front part will look like. On the left side we have
5	CHAIR JAMES: Thank you.	5	the City seal, and then we'll have your name and
