To the Honorable Mayor, City Council and
Citizens of the City of Riviera Beach

City of Riviera Beach Tentative Operating Budget for Fiscal Year 2016/2017

I am pleased to submit the City of Riviera Beach Tentative Operating Budget for the Fiscal Year October 1, 2016 to September 30, 2017 (FY17) for your review and consideration.

After several years of gradually improving economic conditions, the City is better positioned to focus on growth and to benefit from major development projects planned in the City for FY17 and beyond. The unemployment rate of 4.7% for May 2016 is at its lowest level since the peak in May 2010 of 12.2%. Riviera Beach per capita income has increased from \$21,702 in 2011 to \$23,652 in 2015. Riviera Beach has made significant progress since the recession. With the resurgence in the housing market, the City will soon benefit from two residential multi-family developments located on Singer Island, Harbor Point and The Blue, with a combined estimated tax value of \$150M expected to be on the City's tax roll by FY19. Economic development, neighborhood revitalization and service delivery continue to be primary focal points for the City in order to generate growth in the tax base, create employment opportunities for our citizens and make the city the best it can be.

The following is a brief overview of the FY17 budget:

- A \$385M or 8.44% increase in taxable value over Tax Year 2015 (FY16) resulting in \$3.1M of increased tax revenue
- No proposed change in the millage rate of 8.4520
- A \$6.1M or 9.3% increase in General Fund budget over FY16
- A \$5M appropriation in new Pay-As-You-Go capital funding
- Addition of nine (9) full-time and nine (9) part-time General Fund positions
- Addition of an Engineer and Compliance Officer for the Utility Special District
- Full funding for after-care program provided by Parks and Recreation Department, Peacekeepers initiative by the Police Department, security service for the Library, and the Civil Service Board
- Proposal to transfer Parks and Recreation - Maintenance Division to Public Works
- Proposal to transfer Code Enforcement to Community Development

GENERAL FUND BUDGET

The FY17 Tentative Operating Budget is submitted without an increase in the millage rate. The millage rate was lowered to 8.4520 mills for FY16. FY16 was an extraordinary and unusual year due to the increase of \$1.2B or 35% over FY15 in the taxable value due to the improvements to the Florida Power & Light (FPL) plant which resulted in an increase of \$6.5M in additional property tax revenues. The increased revenues from FPL allowed for a decrease in the millage rate, while also funding Pay-As-You-Go capital.

General Fund Revenues

Budgeted revenues for FY17 increased by \$6.1M or 9.3% over FY16. Revenues are generated primarily from four main sources, ad valorem taxes (56%), other taxes (13%), charges for services (10%), and fees, permits and licenses (8%) totaling 87% of the budgeted revenues. All other revenue sources account for only 13% of the budget. Significant changes result from increases in property taxes of \$3.1M, rent collections increased by \$1.3M as a result of the Marina Ground Lease Agreement between the City and the CRA, and administrative fees charged to the enterprise funds increased by approximately \$933,000 primarily due to their collective share of the debt service for the Pension Obligation Bonds. The decrease presented below for Other Taxes is a result of a drop in revenues from the Communication Service Tax. The revenues, as provided as a pass-through from the State were \$1.2M in FY16 and will be \$1.0M in FY17.

The following table shows the changes for each revenue category from FY16 to FY17.

Revenue by Category	FY16	FY17	\$ Change	% Change

General Fund Expenditures

Over the past few years, the City has exercised strict fiscal discipline and controlled expenditures, FY17 is no different. Public Safety departments, Police and Fire, are by far the largest component of the operating budget. For FY17, Public Safety accounts for 40% of the Tentative Operating Budget, General Government departments account for 28% and the remaining departments account for 32%.

FY17 GENERAL FUND BUDGET - SIGNIFICANT HIGHLIGHTS

Personnel Costs

FY17 wages increased by \$1.7M or 7% over FY16, moving from \$25M to \$26.7M. The increase in wages is based upon the City's two labor contracts currently approved for FY17 (SEIU and IAFF), as well as funding for the two open contracts (PBA and PMSA). PBA and PMSA labor contracts will expire on September 30, 2016 and both are currently being scheduled for negotiations. SEIU and IAFF remain in effect until September 30, 2017.

The Fire budget for Overtime has been increased by \$140,000 to account for wage increases and daily coverage for staffing vacancies. The Police Overtime budget has been increased by \$20,000 to also keep pace with wage increases.

The Capital Improvement Plan which provides more specific details on the capital projects will be submitted separately. However, the FY17 operating budget has appropriated funds of \$5M for capital improvements.

Departmental Enhancements

Parks and Recreation

Academic, Recreation and Enrichment (A.R.E.) Afterschool Program will continue during FY17 as a year-round program providing a structured, safe haven environment and social activities for up to 220 youths children between the ages of five and twelve years old. This program is critical to the support of recreational activities provided by the Parks and Recreation Department. For FY17, the requested personnel to administer the program and operating costs associated with the program are included in the budget.

Police

- Junior Peacekeeper Initiative is a program organized by the Police Department which is aimed at maintaining peace in the community and reducing gun violence. The Police Department, in partnership with the Peacekeepers organization, is providing an opportunity for children to become a Junior Peacekeeper through a unique summer camp experience. The program can accommodate a maximum of 90 students. The costs of the initiative for FY17 is \$60,000 and have been included in the budget.
- Office furniture for the Police Department is in poor condition and it has now become necessary for the furniture to be replaced. FY17 budget includes \$100,000 for the acquisition of new furniture.

Library

Full-time security service for the Library is included in the FY17 budget in an amount of \$50,000.

Human Resources

Civil Service Board has been activated in accordance with the requirements of the City Charter. The FY17 budget includes \$130,000 to provide training, operational costs and a Hearing Officer for the Board.

Public Works

Public Works will be responsible for repairs and property maintenance city-wide. Rather than individual departments budgeting for repairs and maintenance in their respective departmental budgets, Public Works will be responsible for budgeting and managing repairs and maintenance projects for all city owned facilities.

Purchasing

With the addition the Small Business Coordinator position to the FY17, an amount of \$50,000 is included in the budget to support the operations.

Operational Changes

Public Works/Parks and Recreation Maintenance Budgets

Based on discussions with Department Heads during the budget preparation meetings, it was determined that the functions performed by the Maintenance Division of Parks and Recreation would be better handled through the Public Works. Benefits include sharing of equipment, cross training opportunities for staff to become familiar with different functions, and the ability for Parks and Recreation to better focus on recreational programs and activities.

Public Works' staff have been trained by external consultants and internal supervisors in wide variety of landscape maintenance topics including tree trimming techniques, turf cutting and maintenance, fertilizer application and hedge trimming. With this operational change, Parks and Recreation and Public Works staff will be cross trained in different areas. Parks and Recreation's staff will learn roadway maintenance and stormwater practices while Public Works' staff will learn parks grounds maintenance, including maintenance of the ball fields. This will create an opportunity for the all staff to receive training on proper landscape techniques which will ultimately result in improved visual appeal across the City.

Ultimately, merging Parks Maintenance with Public Works would allow Recreation staff to focus solely on recreational activities which will not only increase the number of programs offered, but will improve the quality of the programs. In order for Parks & Recreation to operate efficiently in terms of managing its programs and activities, four new part-time Program Aides have been added to the FY17 budget.

As you will note, the budget for the Parks Division has not been moved to Public Works. It is my intent to obtain your conceptual approval during the budget workshops before the actual funds are transferred. If the transfer of the Parks Maintenance Division to Public Works is approved, the personnel will be transferred to Public Works along with the budgeted salaries and operating costs.

Code Enforcement

Staff has taken comments regarding both Public Safety and Code Enforcement under advisement. The Police Department and policing activities are facing challenging times. Focus needs to be on keeping our community and our officers safe. As with maintenance concept discussed above regarding Parks and Recreation and Public Works, it is the belief that the community will be better served by a Police Department focused solely on police matters. It is in that vein that it being recommended to return the Code Enforcement Division to Community Development. As Community Development refocuses on neighborhoods and revitalization plans, Code Enforcement is a natural fit.

The budget submitted does not reflect this change. If the transfer of Code Enforcement is approved, the personnel will be transferred from the Police Department to Community Development along with budgeted salaries and operating costs.

ENTERPRISE FUNDS

Utility Special District

The FY17 operating budget totals \$25.1M. This is an increase of approximately \$660,000 or 2.7% over FY16.

Water and sewer charges are the two primary sources of revenues for the District. Revenues are projected to increase by 2% for water and 8% for sewer as approved in 2015.

Expenses are projected to increase by 2% for salaries and benefits, 4% for operating, 2% for capital, and 15% intra-fund transfers. Contingency will decrease by 63% to account for the increased debt service costs as described below.

The District is issuing Water and Sewer Revenue Bonds in the amount of \$40M. Proceeds from the issuance will be used to fund water and wastewater capital projects. Debt service payments will increase by approximately \$2.8M for the Series 2016 Bonds. FY 17 budget includes this estimated debt service payment. The debt service budget will be finalized after the bond sale has been completed.

Two new full time positions are included in the FY17 budget, as follows:

Position Title	Annual Salary
Utility Engineer	\$71,789
Compliance Officer	70,040
Total	\$141,829

Details of these capital improvement projects to be funded by the bond proceeds will be provided in the City's 5-Year Capital Improvement Plan to be submitted later in the budget process.

Stormwater Management Utility

The FY17 operating budget totaling \$3.3M remains at the same level as FY16.

Stormwater charges are the single source of revenues for Stormwater. Stormwater charges were increased in FY16 and no further increases are necessary for FY17.

Expenses are projected to remain the same in FY17 as FY16. FY17 budget includes a transfer of approximately \$550,000 to the Debt Service Fund for the principal interest payment due on the Stormwater Revenue Bonds issued in April 2016.

The details of the Stormwater Utility Five Year Capital Plan will be presented under separate cover.

Marina

The FY17 operating budget for the Marina is tentatively presented at \$1.8M. An FY17 Budget request has not yet been submitted by Seven Kings, therefore, the budget presented has been developed using in prior year operating data. The budget will be further defined as information is received from Seven Kings.

Based on the Agreement between the City and Seven Kings to provide third party marina management services for the operation the Marina, the City is required to pay Seven Kings a management fee, equal to the greater of \$54,000 or 5% of gross revenues on an annual basis. Based upon \$1.8M in estimated revenues, \$90,000 has been included within the budget to account for this cost.

Refuse

On October 21, 2015, the City renewed the existing Solid Waste and Recycling Collection Franchise Agreement with Waste Management for an additional five year term to September 30, 2021. Based on the new agreement, franchise fees for FY17 are budgeted at \$1.7M.

OTHER FUNDS REVENUES AND EXPENDITURE SUMMARIES

Liability Insurance Fund

The Liability Insurance Trust Fund is used to account for the risk management and property coverage services provided to the City's departments. Expenditures for FY17 are estimated to be \$3.2M, an increase of \$80,532 or 2.3% over FY16.

Major Disaster Fund

In accordance with the City's Charter, the City Council shall make an annual appropriation to the Major Disaster Fund equal to 1.5% of the FY17 property tax revenues. For FY17, the amount of the transfer will be \$595,388.

Debt Service Fund

The FY17 budget for the Debt Service Fund is \$5.6M as previously detailed.

Legislative Request

The Mayor is requesting funding to cover the costs associated with the sponsorship of Job Fairs. On average, four job fairs are hosted annually. For FY 17, the Mayor is requesting an additional \$5,000 be added to the budget to host these job fairs. This amount includes \$4,000 for printed materials, commercials and radio advertisements and \$1,000 for refreshments for participating employers. This request is not in the submitted budget.

CONCLUSION

FY16 was a great year and we were very fortunate as a City that we could cover the essential needs of the City while containing costs. Fortunately, the City was able to cover its FY17 budgeted costs without having to lay off staff or cut critical programs or services.

As always, departments are diligent in preparing the operating budget and share their ideas on how to increase revenues and reduce costs. Despite the many challenges faced at times, staff continue to work hard and seek solutions when necessary to resolve issues that may arise from time to time.

I look forward to reviewing the operating budget for FY17 with you during our upcoming workshops, and to address questions and provide clarification on any aspect, as we finalize the operating budget.

Respectfully submitted,
